SUBJECT : Agenda for ARC Meeting Scheduled for Monday,
1 December 1958, 2:30 p.m., Room 214
Administration Building

1. Review of Highest and High Priority Requirements.

It is proposed that the ARC initiate a review of priority requirements by an oral exchange of views in order to take account of the effects of developments in intelligence since June as they may bear upon our judgment about priorities. It may be that as a result of our discussion we will wish to thereupon prepare written explanation for any changes.

It is believed desirable to evaluate whether and when the ARC needs to conduct new discussions with [REDACTED] For practical purposes we must assume that new TALENT materials will be available in the foreseeable future. It has now been six months since we talked to [REDACTED] Should we now invite [REDACTED] requirements officials to visit us, and, if so, when?
